Canvey Island - Southern Shoreline Revetment Project Newsletter

Issue 10: 20 October 2023

Welcome!

Welcome to the tenth edition of the newsletter for the Canvey Island Southern Shoreline Project.

In this edition our coverage includes the progress made from site, the new arrangements for parking at the Moviestarr Cinema and details of our next information drop-in session.

On page three you will find the planned working times for the project.

If you would like copies of future newsletter editions, please email:

TEAM2100canveyrevetment@jacobs.com

Questions about the project

We are at Sue's Café every Wednesday from 11am – 12 noon if you have a question about the project.

Please note that we are committed to providing a professional and fair service to everyone we work with. In return we ask that members of the public respect the project staff.

Our members of staff will not deal with any customer, either face-to-face, over the phone or in correspondence, who is threatening or abusive.

Progress from site

Over the past month we have:

- Started to install the piles needed to support the new ramp at Fisherman's Corner.
- Started to install temporary vehicular access works at the Labworth Café area.
- Continued to place Open Stone Asphalt (OSA) and Lean Sand Asphalt (LSA) at Leigh Beck.
- Begun the set-up of satellite compound 2 on the western half of the Moviestarr Cinema car park.
- Worked on the construction of the new foreshore steps.

Piling rig at Fisherman's Corner

Satellite compound 2 set-up

In the coming months we will be:

- Completing the placement of OSA/LSA at Leigh Beck and remobilising the team to Thorney Bay to complete works here.
- Continuing the replacement of the concrete maintenance access track slabs on the riverward side of the wall to remove potential trip hazards
- Constructing the new maintenance access ramp at Fisherman's Corner following completion of piling.
- Sowing golden samphire seeds on the river frontage at Leigh Beck.

Information drop-in: 9 November

On 9 November 2023 we are holding an information event where you can find out the latest news about the project and what is planned for the future. You will also have the chance to ask the project team questions.

The event will take place at Starr Sports, 31-33 Eastern Esplanade, Canvey Island.

Please feel free to drop in between 3.30pm-7.15pm.

MovieStarr Cinema parking

We have started work on the Labworth stage of the project and half of the car park for the MovieStarr Cinema on Eastern Esplanade will be unavailable until the spring of 2024.

This temporary closure is unavoidable as the area is needed as a site compound to support this phase of the scheme from Fisherman's Corner to Labworth Café.

The cinema will remain open for business as usual.

We agreed with the MovieStarr cinema and Castle Point Borough Council that the remaining half of the MovieStarr car park will remain open for customers to use.

The nearby Lubbins car park on Eastern Esplanade will also be free of charge until the end of March 2024 for all users.

The location of the car park can be seen on the map to the right.

Brownies learn about the Canvey Southern Shoreline Revetment project

Girlguiding 1st Canvey West Brownies

In September, June Saunders from the Community Engagement Team, visited 1st Canvey West Brownies.

The Brownies were aware of the floods of 1953 and were interested to learn how the current work will protect the island for the future. They were surprised to learn that the sites had offices with staff toilets and learnt about the many roles needed to build the flood protection.

The Brownies enjoyed looking at photographs of the work completed to date and were interested to hear that we have a female engineer working on our sites. June, who is Girlguiding leader in her spare time, reminded them to keep away from the construction sites during the day when work is in action and at night when the workers have left due to the dangers on site. She also discussed with them the importance of taking care when crossing the roads nearby.

Claire, the Brownies' leader said: "The brownies are happy that their island will be safer."

Project webpage

If you would like to find out more about the project, there is a dedicated webpage. The webpage has the latest developments from the project, including progress images of the work taking place and details of upcoming events.

You can view the webpage here: <https://consult.environment-agency.gov.uk/east-anglia-c-e/canvey-southern-shoreline-project/>

Planned working hours

Please find below the planned working hours, locations and the compounds used. This will also involve operations on the landward side of the defence to support movement of materials.

Key: NCH - Normal Construction Hours (08:00 to 18:00), **NWD** - Non Working Day (Weekends and Bank Holidays), **SC1 - Satellite Compound 1**, Fisherman's Corner, Western Esplanade, SS8 0AY, **Main Compound** - Adjacent 287 Eastern Esplanade, SS8 7PQ, **SC4 - Satellite Compound 4**, B17 Memorial Ground, Beveland Road, SS8 7QT.

Day	Date	Extended Working Hours	Compounds Used during extended hours	Work Types to be carried out during extended hours	Project phase involved in extended hours
Friday	20/10/2023	From 06:00	SC1, SC2, Main Compound, SC4	Revetment	Thorney Bay, Labworth Cafe, Leigh Beck
