Brief Work History	<p>Varied work experience across different sectors, Veterinary nurse, retail, N.V.Q assessor/verifier, management, exam invigilator, polling clerk at elections. Employability and Careers and Advisor for over 16 years helping all ages to be the best they can be by brokering opportunities and providing access to opportunities in learning, employment, education, training, apprenticeships, volunteering, building confidence, motivation, and self-esteem, setting up businesses.</p> <p>I've been supporting residents at sandy Bay through the Covid times and ever since, as a volunteer, getting shopping, providing care and support for those who need it or want a chat.</p> <p>I've been a resident with my husband Paul, for 3 years now and been an active committee member of the resident's association working the best I can to support the residents of SB with issues affecting them most.</p> <p>This led to other requests, such as temporary cleaning, walking dogs and taking them home when people went on holiday.</p> <p>Some residents in the first phase will remember me as the dog lady who walked crazy cockapoos Molly and Nico who got up to all sorts of mischief and mayhem (security used to take turns in watching the release of the dogs on the sea wall, to see what they got up to)</p> <p>I continue to be a phone friend to some Essex residents. I lend a listening ear, offer support, and share good news stories to make my friends laugh</p>
