Hello everyone

For those of you that don't know me, let me introduce myself. My name is Simon Fox and I have put myself forward for the Sandy Bay QRA committee as I really care about this community. I have lived on Sandy Bay since last October. My background is in property management and restoration having owned and managed my own businesses for over 25 years. I am now retired and looking to use the skills that I have acquired throughout my life for the betterment of a diverse QRA.

I believe that we need a QRA representative who can challenge the management and TC and make them stand up and listen. The main points being the lack of proper security and failing park maintenance. Working as part of a team, I have both the determination and strength of character to represent the residents and challenge the management.

I hope that I can count on your vote.
