Hello Everyone

My name is Steve Ferguson and my wife and I have been residents of Sandy Bay for just over a year.

I'm putting myself forward to be a RA Committee Member because I care about Sandy Bay and want to play an active role in helping to maintain and improve our environment for everyone. Being a committee member would give me the opportunity to represent residents' views, contribute to decisions that affect us all, and work collaboratively with others to address our issues. I believe that a strong Residents' Association can help foster a sense of community, improve communication between residents and Management, and support initiatives that enhance the quality of life for all residents. I would find it rewarding to use my time, experience, and skills to make a positive contribution to the community and help ensure that residents' interests are well represented.

Before I retired, I managed a Training Department for a national Financial Services company with a team of 15 trainers across several sites which helped hone my skills in communication, leadership, problem solving, organisation and planning.

I believe I would be an asset to the Committee and would welcome your vote

Thank you
Steve
