Dear Residents,

We have been informed that, commencing Tuesday 24th November, there will be intermittent electricity interruptions across the park over a two-week period for essential maintenance works.

Please be advised that the electricity supply will not be affected continuously. Each home is expected to experience an interruption of no more than one hour. However, unfortunately, we have not been provided with specific dates or times for individual homes or roads.

We apologise for the limited information currently available. We appreciate that this may cause some inconvenience but wanted to ensure residents were given as much advance notice as possible.

Should we receive any further information or updates, we will, of course, communicate these to you as soon as possible.

Thank you for your understanding and patience.

Kind regards,

Customer Care Team
