

Dear Residents,

Once again, following a number of recent concerns raised in various areas of Sandy Bay, we would like to kindly remind all dog owners of their responsibilities while walking their pets around the park.

Please ensure that you clean up after your dog and dispose of any waste in the designated dog waste bins located throughout the park.

We would also appreciate your cooperation in preventing dogs from fouling or urinating on artificial grass areas belonging to other residents.

While many residents are dog owners, others are not, and it is unfair for them to have to clean up after someone else's pet.

Thank you for your understanding and cooperation in helping to keep our park clean and enjoyable for everyone.

Kind regards,
Customer Care Team
